# **Keele University PER Steering Group Terms of Reference and membership (2020)**

Created as part of the UKRI SEE-PER programme

## **Keele University PER Steering Group Terms of Reference and membership (2020)**

### **Terms of Reference (updated September 2020)**

Representation: Senior leadership (PVC R&E), membership from the Faculties, membership from Professional Services (including RaISE)

To maintain strategic oversight of the University's approach to Public Engagement with Research by

- monitoring the embedding of PER in i) the University Research Strategy ii) the Knowledge Exchange strategy, recognising that Research Impact is central to both; and that PER is a pathway to impact and of major significance to the profile of KEF
- monitoring the effectiveness, accessibility and inclusivity of our PER offer to the needs of our community partners and stakeholders
- monitoring and where appropriate seeking further to embed and enhance the coherence, effectiveness and efficiency of university's approach to PER, in particular by focusing on leadership, reward and recognition, communication and listening, support and learning
- monitoring the landscape of research funding and development for major initiatives in the field of PER, including initiatives which will provide PER opportunities for academic colleagues, enhance the research and PER reputation of the university, as well as serving the needs of our students, community partners and stakeholders
